

CAPABILITY STATEMENT

TRUSTED REPAIRS & MAINTENANCE TO KEEP YOUR FLEET MOVING

At SuperService™, we specialise in on-site and mobile servicing and repairs for heavy equipment, including trucks, cranes, and EWPs, across Brisbane and the Greater Brisbane area. Our fully equipped mobile service fleet eliminates downtime, getting your machinery back to work faster.

We provide rapid diagnostics, preventative maintenance, and compliance servicing, ensuring your fleet operates efficiently and safely. Whether it's truck repairs, forklift servicing, or roadworthy inspections, our expert team delivers cost-effective, industry-compliant solutions tailored to your needs.

WHY CHOOSE SUPERSERVICE™?

We Can Come To You

Our mobile service fleet eliminates transport delays and downtime.

Specialist Technicians

Our industry-trained mechanics have expertise across all heavy equipment types. From inspections to refurbishment or complete engine rebuilds, we've got you covered.

Fast, Reliable Service

Rapid turnaround times to keep your fleet running.

Trusted by Industry Leaders

Proudly servicing the transport, logistics, construction, and industrial sectors.

ACCREDITATIONS

- Australian Refrigeration Council Certification: RTA - AU52564
- Restricted electrical contractor licence 88515

CORE CAPABILITIES:

Mobile Repair & Servicing

Our 24/7 mobile mechanics deliver fast, on-site repairs for all trucks, heavy vehicles, and industrial machinery.

Comprehensive Equipment Servicing

From excavators and cranes to forklifts and pallet jacks, we service a wide range of essential machinery.

Expertise in Heavy Vehicle and Truck Repairs

We specialise in all major truck brand repairs and servicing, including prime movers and trailers. Our dedicated truck service centre helps keep the transport and logistics industries moving.

Material Handling Equipment Servicing

Forklifts, telehandlers, scissor lifts, and jinker trailers are just some of the material handling equipment we maintain for safety, compliance, and efficiency.

Preventative Maintenance Programs

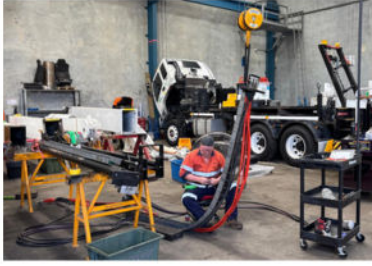

We offer custom service schedules designed to reduce breakdowns, extend equipment lifespan, optimise performance, and ensure compliance with Australian safety standards.

Inspections and Compliance

Our dedicated team can provide routine and statutory inspections, including 10-yearly major inspections, to ensure compliance to AS standards is maintained.

ASSOCIATED MEMBERS

PREVIOUS JOBS

Our expert mechanic carefully inspected and rebuilt this Elevated Work Platform (EWP) as part of its mandatory ten-year safety check.

We completed a full rebuild of this Komatsu excavator, including repairs, servicing, and a fresh repaint.

We removed engine components on this Mitsubishi Fuso Fighter to repair oil leaks and restore efficiency.

After severe weather left this crane submerged, we safely recovered, cleaned, and repaired it for a full return to service.

Our technician removed the cylinder head from this Isuzu engine to fix a blown gasket and prevent overheating.

Our team completed a full rebuild of a FRANNA crane, including a new cabin, boom reassembly, and electrical repairs.

TESTIMONIALS

"Great service and professional team! They undertook the work on our 130T Grove and worked efficiently throughout the process. Will be a repeat customer!" - **Todd B.**

"We can't thank the SuperService™ team enough for their efforts and dedication through the work undertaken on our fleet of cranes. Top-notch quality job!" - **Paul G.**

"Must admit 10/10. She came back, after her major inspection...running like a Ferrari! Well done guys, quality work!! She will be throwing steel around in no time!!!" - **Tyson H.**

"It's great to see that the team at SuperService™ are prepared to go the extra mile for their customers! Great people. Great service!" - **Russell K.**

"Very satisfied with SuperService™. Reliable, high-quality service provided." - **G. James Glass & Aluminium**
